NOTICE OF INVENTORS

It should be clearly understood that a Disclosure Document is not a patent application, nor will its receipt date in any way become the effective filing date of a later filed patent application. A Disclosure Document may be relied upon only as evidence of conception of an invention and a patent application should be diligently filed if patent protection is desired.

Your Disclosure Document will be retained for two years after the date it was received by the United States Patent and Trademark Office (USPTO) and will be destroyed thereafter unless it is referred to in a related patent application filed within the two-year period. The Disclosure Document may be referred to by way of a letter of transmittal in a new patent application or by a separate letter filed in a pending application. Unless it is desired to have the USPTO retain the Disclosure Document beyond the two-year period, it is not required that it be referred to in the patent application.

The two-year retention period should not be considered to be a "grace period" during which the inventor can wait to file his/her patent application without possible loss of benefits. It must be recognized that in establishing priority of invention an affidavit or testimony referring to a Disclosure Document must usually also establish diligence in completing the invention or in filing the patent application since the filing of the Disclosure Document.

If you are not familiar with what is considered to be "diligence in completing the invention" or "reduction to practice" under the patent law or if you have other questions about patent matters, you are advised to consult with an attorney or agent registered to practice before the USPTO. The publication, *Attorneys and Agents Registered to Practice Before the United States Patent and Trademark Office*, is available from the **Superintendent of Documents, Washington, DC 20402**. Patent attorneys and agents are also listed in the telephone directory of most major cities. Also, many large cities have associations of patent attorneys which may be consulted.

You are also reminded that any public use or sale in the United States or publication of your invention anywhere in the world more than one year prior to the filing of a patent application on that invention will prohibit the granting of a patent on it.

Disclosures of inventions which have been understood and witnessed by persons and/or notarized are other examples of evidence which may also be used to establish priority.

There is a nationwide network of Patent and Trademark Depository Libraries (PTDLs), which have collections of patents and patent-related reference materials available to the public, including automated access to USPTO databases. Publications such as *General Information Concerning Patents* are available at the PTDLs, as well as the USPTO's Web site at www.uspto.gov. To find out the location of the PTDL closest to you, please consult the complete listing of all PTDLs that appears on the USPTO's Web site or in every issue of the Official Gazette, or call the USPTO's General Information Services at 800-PTO-9199 (800-786-9199) or 703-308-HELP (703-308-4357). To insure assistance from a PTDL staff member, you may wish to contact a PTDL prior to visiting to learn about its collections, services, and hours.

NOTE: The following form complies with the provisions of the Trademark Law Treaty Implementation Act (TLTIA) and the fee increase effective January 10, 2000.

BASIC INSTRUCTIONS

The following form is written in a "scannable" format that will enable the U.S. Patent and Trademark Office (USPTO) to scan paper filings and capture application data automatically using optical character recognition (OCR) technology. Information is to be entered next to identifying data tags, such as <DATE OF FIRST USE IN COMMERCE>. OCR software can be programmed to identify these tags, capture the corresponding data, and transmit this data to the appropriate data fields in the Trademark databases, largely bypassing manual data entry processes.

Please enter the requested information in the blank space that appears to the right of each tagged (< >) element. However, do not enter any information immediately after the section headers (the bolded wording appearing in all capital letters). If you need additional space, first, in the space provided on the form, enter "See attached." Then, please use a separate piece of paper on which you first list the data tag (e.g., <LISTING OF GOODS AND/OR SERVICES>), followed by the relevant information. Some of the information requested *must* be provided. Other information is either required only in certain circumstances, or provided only at your discretion. Please consult the "Help" section following the form for detailed explanations as to what information should be entered in each blank space.

To increase the effectiveness of the USPTO scanners, it is recommended that you use a typewriter to complete the form.

For additional information, please see the *Basic Facts about Trademarks* booklet, available at <http://www.uspto.gov/web/offices/tac/doc/basic/>, or by calling the Trademark Assistance Center, at 703-308-9000. You may also wish to file electronically, from <http://www.uspto.gov/teas/index.html>.

MAILING INFORMATION

Send the completed form, appropriate fee(s) (made payable to "The Commissioner of Patent and Trademarks"), and any other required materials to:

Box New App
Fee
Assistant Commissioner for Trademarks
2900 Crystal Drive
Arlington, VA 22202-3513

The filing fee for this application is ~~\$325.00~~ ^{\$335} per class of goods and/or services. You must include at least ~~\$325.00~~ ^{\$335} with this application; otherwise the papers and money will be returned to you. Once your application meets the minimum filing date requirements, this processing fee becomes non-refundable. This is true even if the USPTO does not issue a registration certificate for this mark.

You may also wish to include a self-addressed stamped postcard with your submission, on which you identify the mark and list each item being submitted (e.g., application, fee, specimen, etc.). We will return this postcard to you, stamped with your assigned serial number, to confirm receipt of your submission.
